

AUDIENCE ENGAGEMENT

How is Film Victoria supporting funded events that have been impacted by coronavirus (COVID-19)?

Film Victoria is liaising with funded events on their plans moving forward, providing opportunities for these parties to negotiate and review funding requirements, including:

- / Adjusting requirements on meeting KPIs
- / Bringing forward payments
- / Delaying or removing some reporting requirements
- / Varying the purposes and outcomes of funding
- / Extending timelines for projects
- / Allowing some organisations to use funds provided for a deliverable to be repurposed to pay essential bills including wages, rent and utilities.

Organisations are encouraged to speak with their program officer about options that can provide flexible support during these difficult times.

Film Victoria has temporarily suspended applications for support through Audience Engagement and looks forward to reinstating this when it is possible to do so.
