Victorian Screen Incentive

The Victorian Screen Incentive (VSI) is a grant-based incentive that supports projects to undertake animation production in Victoria.

Is my project eligible?

Projects must spend at least **AU\$1 million** on animation production in Victoria.

Projects must be a film or series that is fully financed, with genuine marketplace interest for commercial release or distribution.

How much can I apply for?

Film Victoria provides competitive grant offers on a project-by-project basis calculated as a percentage of the Qualifying Victorian Expenditure (QVE).

The incentive operates as a simple grant that is paid in milestones upon completion of the project.

Grants can be combined with the Australian Screen Production Incentive through the PDV Offset, Location Offset, Location Incentive, Official Co-production and Producer Offset.

Adam Elliot made his Academy Award®-winning claymation short film *Harvie Krumpet* in Melbourne.
