

# VICTORIAN SCREEN INCENTIVE

## Post-Production

Falling for Figaro

Producers choose the state of Victoria as the destination for post-production on their projects due to the state's enviable mix of premium picture and sound post facilities, world-renowned talent in editing, composing, sound, and colour grading, and the unbeatable lifestyle in Melbourne.

Melbourne's post-production houses offer state-of-the-art facilities to meet global delivery requirements and boast some of the most experienced technicians in Australia, and its audio facilities, which include a certified Dolby Atmos mixing theatre, have the latest technology for complete audio post-production.

### Victorian Screen Incentive

The Victorian Screen Incentive (VSI) is a grant-based incentive that supports projects to undertake post-production in Victoria.

### Is my project eligible?

Projects undertaking post-production including VFX must spend at least **AU\$500,000** in Victoria. Projects undertaking VFX only must spend at least AU\$1 million in Victoria.

Projects must be a film or series that is fully financed, with genuine marketplace interest for commercial release or distribution.

### How much can I apply for?

A **grant of up to 10%** of the project's Qualifying Victorian Expenditure (QVE).

The incentive operates as a simple grant that is paid in milestones upon completion of the project. Grants can be combined with Film Victoria's Regional Location Assistance Fund, as well as the Australian Screen Production Incentive through the PDV Offset, Location Offset, Location Incentive, Official Co-production and Producer Offset.

"We knew our film was in very good hands with the quality post-production offerings in Victoria, and that together with the award-winning team at Soundfirm, we've delivered a truly compelling piece of cinema."

Gary Hamilton, Producer, *Escape from Pretoria*
